All learners possess areas of strength and areas of weakness and therefore, they express and receive knowledge in many ways. Effective teachers understand the need to differentiate instruction for all students in order for learning to occur. Understanding a student's area of intelligence, learning style, and/or learning preference is one-way teachers can positively impact a student's ability to learn. The role of the teacher is to observe what their students are doing, figure out why they are doing it that way, and to give them the right kind and amount of information and feedback so they may solidify their learning and perform what they have been taught. Students must be able to make sense of what is taught if they are going to apply their learning in other situations.

## **LOTTERY PROCESS**

AcadeMir Middle School of Math & Science is committed to enrolling a diverse student population and shall abide by the provisions in the Florida Educational Equity Act, Section 1000.05(2)(a), and Florida Statutes that forbid discrimination on the basis of race, national origin, gender, marital status, ethnicity, or disability. The school will admit students of any race, color, nationality and ethnic origin, religion, sexual orientation, or gender. Pursuant to section 1002.33(10)(b)- Eligible Students, the charter school shall enroll an eligible student who submits a timely application unless the number of applications exceeds the capacity of a program, class, grade level or building. In such cases, all applicants shall have an equal chance of being admitted through a random selection process.

Applications will be accepted each year during an open enrollment period and will maintain their capacity at each grade level. Applications will be made available online through our school website and in paper form on the school site. Upon submission of the applications, the information will be reviewed for eligibility. All applications received after the open enrollment period will be placed at the bottom of the waiting list for the respective registering class or grade level in the order they are received. The Registrar will continue to accept all applications and number them as they are received, monitoring the number of applications submitted for each grade level.

If the number of applications exceeds the capacity of a program, class, grade level, or building, a lottery will be held to determine which applicants are admitted. The available capacity will be determined by the number of current students who re-register and the enrollment of the subsequent applicants who have an enrollment preference eligibility status:

1. Students who are siblings of a student enrolled at the charter school.
2. Students who are the children of a member of the Board of Directors of the charter school.
3. Students who are the children of an employee of the charter school.
4. Students who are the children of active-duty members of any branch of the United States Armed Forces. \*

***\*Please note that military preference will not be permitted for CSP subrecipient schools during the term of the grant to comply with federal regulations.***

Based on the available capacity, a drawing will take place until all the slots have been filled and scheduled for enrollment or placed on a numerical waiting list. The lottery of these will be system generated. After the drawing, parents will be notified in writing of their child's acceptance within 20 days of the drawing. These will be distributed to applicants via email and regular mail

School Board Policy 5112 - Entrance Requirements establishes the admission and registration requirements for students entering school to include specific information regarding initial entry, proof of age, birth certificate, and verification of residence, health, and immunization requirements, etc. Students enrolling from out of state, other districts in Florida, or who are foreign born, must adhere to the same admission and entrance requirements for registration.

### **Enrollment**

All students enrolled in AcadeMir Middle School of Math & Science Charter Schools are students of Miami-Dade County Public School, subject to applicable policies and entitled to the same rights.

### **Grade Placement**

The grade placement of students registering from within the state, other states, non-public schools, home education programs, or other countries, will be determined by the principal of the receiving school, after an evaluation of the student's record has been made.

Credits should be interpreted so that the requirements for promotion and graduation are not retroactive, provided the student has met all requirements for the grade placement in the school or home education program from which the student is transferring.

### **Age Discrepancy**

In the absence of educational records or if a student's records reflect an age discrepancy of two years or more, placement will be according to chronological age. Below is a chronological age placement table. This is the AVERAGE placement according to age. Promotion and retention guidelines found in School Board Policy 5410 affect a student's placement. More detailed information can be found at [handbooks.dadeschools.net/policies/93.pdf](http://handbooks.dadeschools.net/policies/93.pdf).

### **ACADEMIC GRADING & PROGRESS**

AcadeMir Middle School of Math & Science believes that parents must be informed regularly regarding their child's performance at school. Parents can become a school's greatest ally in helping to ensure academic success for students. Specific guidelines for grading student performance and for reporting student progress are provided below.

#### **Academic Grades**

Academic grades are to reflect the student's academic progress based on the standards/benchmarks for the grade level course in which the student is enrolled. The academic grade must not be based upon the student's effort and/or conduct. The grade must provide for both students and parents a clear indication of each student's academic performance as compared with norms which would be appropriate for the grade or subject. Letter grades shall be used to measure student success in grade 6 through grade 8 courses with each letter grade corresponding to a specific percentile from zero to one hundred percent. The academic grades of "A," "B," "C," "D," "F," or "I" are not related to the student's effort, conduct, attendance or tardiness. The letter grade of "I" will be reserved for middle school use only. Grades in all subjects are to be based on the student's degree of mastery of the instructional objectives and competencies for the subject based on grade level competencies. The determination of the specific grade a student receives must be based on the teacher's best judgment after careful consideration of all aspects of each student's performance during a grading period. In grades 1-12, a common report card grading system is to be used.

When a numerical equivalent to an assigned letter grade of "A", "B", "C", "D", "F" or "I" is used, the following values apply and shall be communicated to students:

| Grade | Numerical Value | Verbal Interpretation      | Grade Point Value |
|-------|-----------------|----------------------------|-------------------|
| A     | 90 -100 %       | Outstanding progress       | 4                 |
| B     | 80 - 89 %       | Above average Progress     | 3                 |
| C     | 79 – 70 %       | Average progress           | 2                 |
| D     | 60 – 69 %       | Lowest acceptable progress | 1                 |
| F     | 0 – 59 %        | Failure                    | 0                 |
| I     | 0               | Incomplete                 | 0                 |

In authorized semester courses, the student's final grade will be determined as follows: 50% value for each of two nine-week grading periods. A teacher may administer an assessment at the end of each nine- week grading period. The value of the assessment may not exceed 10% of the grade for each nine-week grading period.

In authorized annual courses, the student's final grade will be determined as follows: 25% value for each of four nine-week grading periods. A teacher may administer an assessment at the end of each nine-week grading period. The value of the assessment may not exceed 5% of the grade for each nine-week grading period, with a provision for teacher override.

| Grade | Point Value | 25% Each Quarter | Total Value |
|-------|-------------|------------------|-------------|
| A     | 4           | x 2.5            | 10          |
| B     | 3           | x 2.5            | 7.5         |
| C     | 2           | x 2.5            | 5           |
| D     | 1           | x 2.5            | 2.5         |
| F     | 0           | x 2.5            | 0           |

### Conduct Grades

Conduct grades are to be used to communicate clearly to both students and their parents the teacher's evaluation of a student's behavior and citizenship development. These grades are independent of academic and effort grades. The conduct grade must be consistent with the student's overall behavior in class and should not be based on a single criterion. The conduct grading system is as follows:

| CONDUCT GRADES |                      |
|----------------|----------------------|
| Letter Grades  | Verbal Understanding |
| A              | Excellent            |
| B              | Good                 |
| C              | Satisfactory         |
| D              | Minimal Progress     |
| F              | Failure              |

### Effort Grades

Effort grades are utilized to convey both to students and their parents the teacher's evaluation of a student's effort as related to the instructional program. These grades are independent of academic and conduct grades. In assigning an effort grade, the teacher must consider the student's potential, study habits, and attitude.

- **Grades 1-12:** Three numerical grades are used to reflect effort in grades 1-12.
  1. An effort grade of "1" indicates outstanding effort on the part of the student. The student will, when necessary, complete a task again in order to improve the results. The student consistently attends to assigned tasks until completed and generally exerts maximum effort on all tasks. The student consistently works to the best of his/her ability.
  2. An effort grade of "2" indicates satisfactory effort on the part of the student. All work is approached with an appropriate degree of seriousness. The student usually finishes assignments on time and usually stays on task. The student usually works at a level commensurate with his/her ability.
  3. An effort grade of "3" reflects insufficient effort on the part of the student. Little attention is paid to completing assignments well and/or on time or to completing them in a manner commensurate with the student's ability.

## **CURRICULUM**

As a school of choice, AcadeMir Middle School of Math & Science believes its focus on the special methods of teaching mathematics, science, and reading will appeal to those students and parents interested in the school’s mission: to provide students with a well-rounded school education, through a challenging program focused on mathematics and science using innovative, reform-based instructional methods in a stimulating and nurturing environment that fosters maximum student achievement. AcadeMir Middle School of Math & Science also believes that the curriculum must be well-rounded to encompass the social and cultural development of each student.

AcadeMir Middle School of Math & Science curriculum is based on Florida’s B.E.S.T. Standards and encompasses the core subject areas of Math, Reading, Writing and Language Arts, Science, and Social Studies, as well as special area classes of Technology, Foreign Language, Art, and Physical Education.

## **REQUIRED COURSES FOR STUDENTS IN 6<sup>TH</sup>-8<sup>TH</sup> GRADES**

The required program of study for middle grades students is comprised of courses in core academics and electives providing instruction based on the Florida’s Benchmarks for Excellent Student Thinking (B.E.S.T.) Standards and the state academic standards. These subject areas include English/Language Arts/ESOL, Mathematics, Social Sciences, Science, Physical Education, Music, Art, Theatre Arts, Dance, Foreign Language and Career and Technical Education.

Depending on individual students’ assessment results, some students may be required to enroll in remediation courses for reading and mathematics, which may take the place of electives.

### **Required Participation in State EOC Assessments**

All students must participate in Florida EOCs if they are enrolled in the corresponding courses (Algebra 1, Biology, Civics, and Geometry). The results must constitute 30% of the student’s final course grade unless a Student with a Disability (SWD) has an EOC Waiver through the IEP. Students who did not take a required Florida EOC when enrolled and received a “NG” instead of a final grade in the course, must take the assessment and have the EOC score included to receive a final grade in the course.

### **Career and Education Planning**

Per Florida Statutes § 1003.4156, students are required to complete **one course** of the District and State-Approved Courses in 6th, 7th, or 8th grade. Students enrolled in the career and education planning course, when available, must use Florida’s online career planning and work-based learning coordination system. The Career and Education Planning course must result in a completed personalized academic and career plan for the student, that may be revised yearly as the student progresses through middle and high school; must include information on the career and technical education graduation pathway option (Florida Statutes § 1003.4282) and work-based learning opportunities, must emphasize the importance of entrepreneurship and employability skills; and must include

information from the Department of Commerce’s economic security report under Florida Statutes § 445.07. The required personalized academic and career plan must inform students of high school graduation requirements, including a detailed explanation of the requirements to earn a high school diploma designation (Florida Statutes § 1003.4285); the details of how to earn an accelerated high school diploma under the CTE Graduation Pathway [Florida Statutes § 1003.4282(10)]; the requirements for each scholarship in the Florida Bright Futures Scholarship Program; state university and Florida College System institution admission requirements; and, available opportunities to earn college credit in high school, including Advanced Placement courses, the International Baccalaureate Program, the Advanced International Certificate of Education Program, dual enrollment (including career dual enrollment), and career education courses, including career-themed courses, internships, pre-apprenticeship and apprenticeship programs, and course sequences that lead to an industry certification (pursuant to Florida Statutes § 1003.492 or Florida Statutes § 1008.44).

**Physical Education**

Per Florida Statutes § 1003.455, one class period per day of physical education each year is required for students enrolled in grades 6 through 8.

The Physical Education course requirement shall be waived for a student who meets one of the following criteria:

- The student is enrolled or required to enroll in a remedial course;
- The student’s parent requests in writing to the school that the student enroll in another course from among those courses offered as options by the school district; or
- The student’s parent indicates in writing to the school that the student is participating in physical activities outside the school day which are equal to or in excess of the mandated requirement.

Parents are to be notified of the waiver options before scheduling students in physical education. Students may elect additional physical education courses.

**Cardiopulmonary Resuscitation (CPR) Instruction**

In accordance with Florida Statute § 1003.453, AcadeMir Middle School of Math & Science Charter School will provide basic instruction in first aid, including cardiopulmonary resuscitation (CPR), to students as required by law. Beginning with the 2025-2026 school year, this instruction will be provided once during middle school and once during high school as part of a physical education or health education course. CPR instruction will include training in the proper use of cardiopulmonary resuscitation techniques consistent with the requirements of the statute, which may include but not limited to:

- Allow students to practice the psychomotor skills associated with performing cardiopulmonary resuscitation; and
- Include the use of an automated external defibrillator.

**SUMMARY OF PROMOTION AND PLACEMENT REQUIREMENTS FOR 6<sup>TH</sup>-8<sup>TH</sup> GRADE**

The progression of students from one grade to another throughout the middle grades is dependent on passing the courses that a student is enrolled in. The table on the following page provides a summary of the promotion and placement requirements for middle grades students.

### **EARNING SENIOR HIGH SCHOOL CREDITS IN MIDDLE GRADES (6, 7 & 8)**

Middle grades students in grades 6, 7, and 8 may enroll in selected senior high school courses for the purposes of pursuing a more challenging program of study. Such courses are included when computing grade point averages (GPA) and rank in class. Up to six credits may be earned, with parental permission, in grades 6, 7, and/or 8, for courses taken, which may be applied toward the total credits needed for graduation, college admission, or for the Florida Bright Futures Scholarship Program requirements. The recommended courses are listed below. Credit may be earned in the courses provided that all applicable End of Course assessment requirements are met.

- Algebra 1 Honors
  - To earn credit, a student must earn a passing grade in the course for which the EOC results constitute 30% of the final grade.
  - Passing the Algebra 1 EOC is a high school graduation requirement.
- Geometry Honors
  - To earn credit, a student must earn a passing grade in the course for which the EOC results constitute 30% of the final grade.
- Physical Science Honors
  - Must meet science lab requirements
- Biology 1 Honors
  - To earn credit, a student must earn a passing grade in the course which the EOC results constitute 30% of the final grade.
  - Must meet science lab requirements
  - Physical Science Honors should be completed prior to enrolling in Biology Honors
- Any high school level Foreign Language 1 or above

If a middle grades student wishes to enroll in more than six high school credits, then the request should be made in accordance with the *Academically Challenging Curriculum to Enhance Learning (ACCEL) Option*. Information is available from school administrators or school counselors regarding ACCEL. School counselors should advise students of the potential benefits and risks of taking multiple high school level courses and monitor the high school courses taken at the middle school.

During the time students are enrolled in designated high school courses, they are considered to be grade 9 students for those class periods. Students and their parents shall be informed that all high school credit courses taken in middle school will be included in their high school transcript.

Factors to be considered in taking high school courses while in middle school include the impact on the students' GPA and subsequent rank in class, the possible lack of recognition by the National Collegiate Athletic Association (NCAA) for senior high school courses taken in a grade below grade 9, and the benefit of retaking a course in which skills have not been mastered. Courses taken will remain a part of a student's middle school record, as well as the student's senior high school record.

### **DUAL ENROLLMENT**

Dual enrollment is an articulated acceleration mechanism open to eligible secondary students (grades 6-12) in Florida public schools. To enroll in dual enrollment academic courses, students must demonstrate a readiness to successfully complete college-level course work and have attained a qualifying grade point average.

### **HOME LEARNING**

Home Learning Assignments are an important part of learning. Developing the habit of nightly study requires parental help and guidance. This is another way to reinforce what was learned in the classroom and a means of allowing the parents to be a part of our curriculum goals.

Teachers use the following time schedule as a guide when assigning home learning:

- 6<sup>th</sup> Grade 75 minutes
- 7<sup>th</sup> Grade 75 minutes
- 8<sup>th</sup> Grade 75 minutes

Those times are a guide and are based on the average child's ability and concentration. Some home learning assignments may take less time and others may take a little more time. Home learning is posted weekly by teachers via the teacher's website which can be found on the school's website.

Also, these minutes do not reflect the additional thirty (30) minutes required for reading. Reading is a universal skill that relates to all subjects.

**NOTE:** Students can receive additional help through the Homework Helpers Program, which includes the Dial-A-Teacher program, at 305-995-1600, Monday through Thursday from 5:30 P.M. to 8:30 P.M., WLRN, Channel 17. Students may also access Miami-Dade County Public School's web page at: <http://www.dial-a-teacher.com>

### **EXCEPTIONAL STUDENT EDUCATION**

AcadeMir Middle School of Math & Science ensures that all students suspected of having a disability are identified, evaluated, and provided appropriate, specially designed instruction and related services, if it is determined that the student meets the state's eligibility criteria and the parent/guardian consents to initial placement.

Students who are not eligible for specially designed instruction and related services in accordance with state eligibility categories but have a disability that substantially affects a major life activity may be eligible for accommodations pursuant to Section 504 of the Rehabilitation Act of 1973.

Students with disabilities who are eligible and require special education will have an Individual Educational Plan (IEP). The IEP describes the student's strengths and weaknesses and documents the services and supports the student needs to access a Free and Appropriate Public Education (FAPE) in the least restrictive environment

(LRE).

The IEP is a working plan that must be developed by the IEP team at least once every 12 months and reviewed, when appropriate, to revise and address any lack of expected progress toward annual goals, or to consider any new information that has been provided through re-evaluation or by the parent/guardian.

Parent involvement in the special education process is very important. Parents will be asked to participate in the IEP process each year and to consider the need for their child's re-evaluation at least once every three years.

The Individuals with Disabilities Education Act (IDEA) states that parents of a child with a disability have certain procedural safeguards. The *Summary of Procedural Safeguards for Parents of Students with Disabilities* documents all the information about the rights of parents. This notice of procedural safeguards is made available to the parent/guardian, at a minimum, upon initial referral; or the parent's request for evaluation; upon the school district's refusal to conduct an initial evaluation that the parent/guardian has requested; upon each notification of an IEP meeting; upon consent for re-evaluation; upon the school district's receipt of a request for a due process hearing; and any other time the parent/guardian may request to receive a copy.

Other rights that are presented in the procedural safeguard document include, but are not limited to, the right of prior written notice; informed consent; participation in meetings; records, independent educational evaluation, mediation, state complaint; local education agency complaint; due process hearings; resolution meetings; due process; attorney fees; discipline; and private school placement.

As the parent/guardian of a child with disabilities, you are a very important member of the team that plans your child's education. Be informed and get involved. If you have any questions, please contact your child's school. Staff from the special education department and your child's student service provider will help to answer your questions. Additional information may also be found at <https://ese2.dadeschools.net/#!/fullWidth/5649>.

## **ATTENDANCE POLICY**

Students are expected to assume the responsibility for regular and prompt attendance in each class. If a student is not present in the classroom assigned, he/she will be marked absent, regardless of the reason (school business, committee meeting, band trip, illness, prearranged, etc.).

### **Attendance Defined**

- **School Attendance:** Students are to be counted in attendance only if they are actually present for at least two (2) hours or engaged in a school-approved educational activity which constitutes a part of the instructional program for the student.
- **Class Attendance:** Students are to be counted in attendance if they are physically present in class for at least half of the class period, have been excused by the teacher on a class-related assignment, or have been requested by a member of the school support staff for an approved school activity.
- **Tardiness:** A student is considered tardy if he/she is not present at the moment the school bell rings for the class assigned. Note: If a student is not present when attendance is taken but is present later in the school day, that student must be considered in attendance, but tardy, and the absence should be changed. A student who is tardy should never remain on record as being absent. Accumulated unexcused tardiness will be counted toward the threshold for initiating attendance review and possible "No Credit" in certain courses.
- **Excessive Absences:** A student is considered excessively absent when the student is subject to compulsory school attendance and has had at least five (5) unexcused absences, or absences for which the reasons are unknown, within one (1) calendar month; or ten (10) unexcused absences, or absences for which the reasons are unknown, within a ninety (90) calendar day period.
- **Truant:** A student is considered truant when the student is subject to compulsory school attendance and, with or without the knowledge or consent of the parent, has had more than fifteen (15) unexcused absences

in a ninety (90) calendar day period. A student is considered habitually truant when the student becomes truant and fails to comply with the interventions assigned and/or enforcement actions taken pursuant to this policy.

- **Early Sign-outs:** No student shall be released within the final 30 minutes of the school day. Please note, the early release of students causes disruption to academic performance of all students and may create safety and security concerns.

## Absences

- Reasonable excuses for time missed at school:
  - Personal illness or injury of the student; An absence or tardy due to a student's personal illness or injury will be excused if the student provides documentation explaining the absence or tardy. If a student is absent due to an illness or injury for more than five (5) consecutive days, a written statement from a licensed practicing physician must be submitted to the school. The written statement must include all the days the student has been absent due to illness or injury. If a student is continually sick and repeatedly absent from school due to a specific medical condition, the student must be under the supervision of a health care provider for the absences to be excused.
  - Medical Appointments: An absence due to a medical appointment will be excused if the parent or student secures and submits to the school a written statement from a health care provider indicating the date and time of the appointment. Excused absences to attend medical appointments include, but are not limited to, absences to attend appointments for therapy services provided by licensed health care practitioners or certified behavior analysts.
  - Pre-approved non-school sponsored activities and events; Absences to attend activities or events that are not school sponsored (including but not limited to public functions, conferences, and regional, State, and national competitions) will be excused if prior permission to attend the activity or event is given by the principal in writing.
  - Court and Department of Children and Families (DCF) center appearances; Absences to appear in court or to testify in proceedings will be excused if the student's appearance is pursuant to a subpoena or if it is otherwise mandatory for the student to attend the proceeding. Absences to appear at centers under the supervision of the DCF will also be excused
  - Outdoor suspensions: Absences due to outdoor suspensions will be excused.
  - Private matters and religious observances. Absences due to death in the immediate family will be excused. Absences for religious holidays or services when it is mandated for all members of a faith that such a holiday or service should be observed, and absences to participate in religious instruction will be excused in accordance with State Board F.A.C. 6A-1.09514, Policy 5223, Absences for Religious Instruction, and Policy 5225, Absences for Religious Holidays.
  - Absences other than those listed above and absences due to insurmountable conditions, as defined in F.A.C. 6A-1.09513, can also be excused subject to the principal's approval and may require the submission of supporting documentation. All such absences not approved by the principal will be marked as unexcused.
  - Principals are authorized to verify explanations for absences and to investigate the cause of each absence. Principals shall have final authority to determine if the reason for an absence is acceptable.
  - Required documentation under this section must be submitted to the school within three (3) school days of the student returning to school.
  - When absences are excused, all educational requirements for the student's course(s) shall be met before a passing grade and/or credit are assigned. Students shall be given a reasonable amount of time to complete make-up work for excused absences in accordance with school procedures. Principals may grant extensions to the make-up time limit for extenuating circumstances.

- Unexcused Absences Include Absences Due to:
  - A student's absence will be marked as unexcused until the required documentation explaining the absence has been submitted to the school. A parent and/or student's failure to submit required documentation within three (3) school days of the student returning to school will result in the absence being marked as unexcused.
  - Unexcused absences shall specifically include those due to:
    - vacations, personal services;
    - unapproved non-school sponsored events, programs, or sporting activities
    - older students providing day care services for siblings;
    - illness of others; and
    - non-compliance of immunization requirements unless lawfully exempted.
  - A departure from school without being in attendance for at least two (2) hours will be treated as an unexcused absence unless the required documentation excusing the departure is submitted to the school within three (3) school days.
  - Unexcused absences and tardies shall not be grounds for suspension from school but may result in discipline and/or placement in alternative programs.
  - Unexcused absences do not require that the teacher provide make-up work for the student.
  - A student accumulating the equivalent of ten (10) or more unexcused class absences in an annual course, or five (5) or more unexcused class absences in a designated semester course, may have quarterly, semester, and final grade(s) withheld pending administrative screening and completion of interventions assigned by the truancy child study team. If, however, the student is responsive to the interventions described in this policy and has completed the necessary requirements to pass the current grade as indicated in the Student Progression Plan, the student may not be determined to be a habitual truant and must be promoted.

Absences not included in the excused absences listed above shall be considered unexcused. Any student who has been absent from school will be marked unexcused absence until he/she submits the required documentation. Please note the required documentation must be a doctor's note or a handwritten, signed letter. NO emails or faxes will be accepted. Failure to provide the required documentation within **(3) three school days** upon return to school will result in an unexcused absence. **Unexcused absences do not require that the teacher provide make-up work for the student.**

#### Parent and Student Responsibilities:

- Students of compulsory school age under State law shall attend class 180 days each school year and for as many days or hours as required by State Board F.A.C. 6A-1.045111.
- Except as expressly provided in State law, parents are responsible for their child's school attendance and must stress the importance of regular and punctual school and class attendance with their child.
- Parents and students must report each school or class absences or tardy and provide a statement explaining the absence or tardy to the school attendance office as soon as practicable. Failure to report and explain the absence(s) or tardy(ies) and to provide the required documentation shall result in the absence(s) or tardy(ies) being marked as unexcused.
- Students must request make-up assignments from their teachers for all excused absences and tardies within three (3) days upon their return to school or class. If make-up assignments are available, they must be completed by the deadline established by the school. Parents and students are responsible for ensuring that make-up assignments are requested and completed in a timely manner. Failure to complete these assignments will result in a lower assessment of the student's academic and/or effort grade.
- If a truancy child study team is convened, parents must provide information related to their child's absences and participate in and cooperate with remedial strategies recommended by the truancy child study team.
- Students and parents must comply with all court orders concerning attendance and enrollment, except

that no parent shall be allowed to attend school with a student during the regular school day unless expressly authorized by the principal.

### **Tardies**

Students are to be sitting in class by 8:00 a.m. If a student is not present when attendance is taken but is present later in the school day, that student must be considered in attendance, but tardy and the absence will be changed. Attendance and tardiness are documented daily. A student who has 20 or more cumulative tardiness may not be allowed to participate in after school activities for the remainder of the school year and it will be documented within student records.

### **Make-Up Work Policy**

Make-up work shall be accepted for full credit and grade for excused absences. All **make-up** work must be submitted within three days after the return to school.

### **Truancy Information**

A student with patterns of nonattendance will also be referred to the school's Truancy Child Study Team (TCST) to determine the cause of the absences. If a pattern of non-attendance has developed, the TCST must schedule a meeting with the parent to encourage regular school attendance. The parent will receive a letter regarding "The Truancy Intervention Program" which will be used to document notification of truancy to parent.

Once efforts to enforce school attendance have been exhausted, the TCST will complete the Truancy Intervention Program Referral forms. During this process, parents will be informed that a complaint of truancy will be filed with the Florida Department of Motor Vehicles (DHSMV) for suspension of driving privileges. Please note, Academi Middle School of Math & Science is required to submit Truancy Intervention Program Referrals for students between the ages of 6-17, who have 15 unexcused absences within 90 calendar days, not to exceed 25 unexcused absences.

## **LUNCH PROGRAM**

### **Free & Reduced Lunch Program**

The National School Lunch and School Breakfast Program provides free and reduced priced meals for children unable to pay the full price. Applications must be completed on a yearly basis. Once the application is approved, meal benefits begin and will continue throughout the school year in which the application is approved and extends for approximately the first two weeks the following year.

### **National School Lunch Program (NSLP) and/or Lunch Program/School Meals:**

- Free and Reduced rates for qualifying students:
  - Breakfast: \$ 0.30 daily / Lunch: \$ 0.40 daily
- Full Priced Daily Rates:
  - Breakfast: \$ 2.25 daily / Lunch \$ 3.75 daily (includes milk)

All parents must pay for lunch through the [SchoolCafe](#) app. Information may be found on our school website. Cash or check is not accepted. All parents must pay for lunch on a “monthly” basis.

Breakfast and lunch will be served in the cafeteria. If a child forgets their lunch, he/she will be provided with lunch that day. NO LUNCH CHARGES can be made since public funds do not allow schools to extend credit. If a student forgets to bring a packed lunch, a school meal will be provided to ensure the student's nutritional needs are met. Applicable meal charges will be applied to the student's lunch account. Parents and guardians are responsible for maintaining sufficient funds in their child's meal account and for promptly paying any outstanding meal charges in accordance with the school's meal payment procedures.

Students are not allowed to bring sodas, candy or gum to school. **Due to allergies, we are not accepting any food/sweets brought from the outside to share with students during birthdays or special occasions. Since we are trying to promote healthy eating habits, we request that fast food not be brought to school. Parents are not allowed to drop off lunch in the middle of the day.** Students are required to bring in their lunch in the morning or purchase lunch from the cafeteria. All meal deliveries (i.e.: UberEats, Doordash) will not be accepted from outside vendors.

### **Cafeteria Conduct**

Students should eat in an atmosphere that is pleasant and conducive to good habits. It is recommended that parents discuss good cafeteria manners with their child. We promote the following during meals: use low voices, raise their hand if they need something, and remain seated during the lunch period at the assigned table.

### **Letters of Recommendation**

Requests for letters of recommendation or the completion of recommendation forms must be submitted to the school administration. The preparation of recommendation letters and/or forms is provided as a courtesy and is at the sole discretion of the Principal.

As a general practice, AcadeMir Middle School of Math & Science Charter School does not provide letters of recommendation or complete recommendation forms for applications to other schools that offer the same grade configuration or are considered direct competitors, as doing so may conflict with the school's enrollment and educational mission. Any exception to this practice will be considered on a case-by-case basis and is subject to the Principal's sole discretion.

Submission of a request does not guarantee that a letter or recommendation form will be completed. Families are encouraged to submit requests well in advance of any application deadline to allow sufficient time for review and consideration.

### **SCHOOL DISCIPLINE**

We believe that all children can learn and succeed in school provided they have access to a nurturing, safe and structured environment, a challenging and interesting curriculum, and qualified teachers who genuinely care about a child's performance and wellbeing. We achieve these criteria of a safe environment through the school wide adoption of a consistent, fair, and equitable discipline plan that we call 3R's – Respect, Responsibility, and Ready to Learn.

Disciplinary actions are listed below:

- 1<sup>st</sup> offense: A verbal warning issued
- 2<sup>nd</sup> offense: A phone call, behavior notification form or email will be sent to the parents
- 3<sup>rd</sup> offense: Parent/Teacher conference
- 4<sup>th</sup> offense: Administration reserves the right to issue disciplinary action based on the severity of the violation and the MDCPS Code of Student Conduct.

### **Procedures for Addressing Concerns**

Parent Conferences with teachers may be arranged contacting the main office or by emailing the teachers directly. All emails can be found on our school website. It is against school policy to show up to a classroom without prior arrangements for a conference or calling teachers during classroom time. Please do not engage in parent conferences during arrival/dismissal of students, in the hallways or during classroom time. Your child's confidential information may be jeopardized. Always attempt to resolve issues/conflicts with the teacher before coming to administration. Most issues can be resolved when you have open and honest communication with your child's teacher. Anonymous letters will not be acknowledged.

For issues involving an individual teacher or class, parents address their concerns to the following individuals in the order below:

- Step 1: Teacher

## **CODE OF STUDENT CONDUCT**

### **Maintenance of Appropriate Student Behavior**

At AcadeMir Middle School of Math & Science Charter Schools, we are committed to fostering a safe and supportive learning environment that promotes academic excellence and personal growth. We fully adhere to the **Miami-Dade County Public Schools (M-DCPS) Code of Student Conduct (COSC)**, which is aligned with local, state, and federal mandates. The COSC establishes clear standards of student behavior to ensure a purposeful and safe educational setting where care, courtesy, civility, fairness, acceptance of diversity, and respect for the rights of others are valued and upheld.

The COSC outlines the roles and responsibilities of students, parents/guardians, and the school in maintaining a positive school climate. It emphasizes core values, model student behavior, student rights and responsibilities, and appropriate procedures for addressing student behavior and disciplinary matters.

It is important to note that behaviors occurring both on and off campus may constitute violations of the COSC and, in some cases, Florida law. Such violations may result in disciplinary action by AcadeMir Middle School of Math & Science Charter Schools and/or local law enforcement authorities. School administrators, under the direction of the Governing Board, will implement corrective strategies and assign disciplinary measures in accordance with the COSC. Where required by law, students will be afforded due process rights, including notice, a hearing, and an opportunity to appeal.

For additional information regarding student behavior, rights, and responsibilities, parents and students may refer to the Miami-Dade County Public Schools Student Code of Conduct. ## **ACADEMIC INTEGRITY**

All AcadeMir Middle School of Math & Science students are expected to be honest and cheating and/or plagiarism will not be tolerated and will result in an immediate “F” and will be communicated with the corresponding parents right away. As per the MDCPS Code of Student Conduct, “the code of student conduct sets the standards for conduct expected of students in a purposeful safe learning environment in which the principles of care, courtesy, civility, fairness, acceptance of diversity, and respect for the rights of others is valued. It also addresses the role of the parents/guardians, the students, and school, but also focuses on core values and model student behavior, rights, and responsibilities of students, addressing student behavior, and disciplinary procedures.

### **What is academic integrity?**

Academic integrity is an ethical code, whereby the student guarantees that all work submitted is the student’s own work.

### **Why is academic integrity important?**

When students submit an assignment that is not their own original work, there are two issues involved: Students are earning credit for learning material for which they have not demonstrated mastery; and they may be violating the policies of the school.

### **What are some examples of academic integrity violations?**

There are two kinds of academic integrity violations. One is “plagiarism” and the other is “cheating.”

1. Plagiarism is defined as an act or instance of using closely imitating the language and thoughts of another author without authorization and the representation of that author’s work as one’s own, as by not crediting the original author.
  - a. Some examples are, but not limited to the following:
    - i. Copying and pasting a report from the Internet and representing it as your own work.
    - ii. Using information from an encyclopedia, book, textbook, website, database, etc., without citing the source
    - iii. Using another student’s work in whole or part and handing it in as one’s own
    - iv. Using online translators for assignments and assessments.
2. Cheating - To influence or lead by deceit, trick, or artifice or to practice fraud or trickery to violate rules dishonestly.
  - a. Some examples are, but not limited to the following:
    - i. Providing questions/answers/ works to another student
    - ii. Obtaining or attempting to obtain, prior to examination, either copies of used questions or illegal knowledge of such questions
    - iii. Using an electronic device/smartwatch without teacher permission to search for answers at the same time during an assessment.

The emphasis of AcadeMir Middle School of Math & Science academic honesty policy is on prevention, and on students learning the appropriate skills of citing work from other authors. In the event that students are suspected of classroom cheating, plagiarism or otherwise misrepresenting their work, he/she will be subject to all applicable forms of discipline defined by the administration, which include, but are not limited to:

- Meeting with the school counselor regarding the incident
- A failing grade on the assignment or assessment
- A referral will be sent to administration and recorded on the students’ academic/behavior record
- A parent-teacher conference will be scheduled with the school counselor and/or administration

**Note:** Students enrolled in Dual Enrollment with Miami Dade College will be expected to abide by the college’s Code of Conduct.

## **STUDENT'S RIGHTS**

Students have the right to feel safe from threats and bodily harm. Disruptive behaviors are never acceptable, and when they occur, they will result in time out, exclusion from participation in class activities, field trips, suspension, or other disciplinary action. Parents who have a conflict with a student other than their own child and/or parent are requested to speak to the administration. At no time may parents approach any student/parent directly. All students and employees will be treated with respect. Slurs, innuendoes, hostile treatment, violence, harassment or other verbal or physical conduct against a student or employee will NOT be tolerated.

**NON-DISCRIMINATION STATEMENT:** In accordance with federal and state anti-discriminatory laws AcadeMir Middle School of Math & Science will not discriminate against a student in its school's admission, educational programs, and activities based on race, ethnicity, national origin, creed, religion, gender, age or disability.

## **PARENT/GUARDIAN'S RESPONSIBILITIES**

As a parent/guardian of a virtual school student, it is very important to understand the responsibilities associated with that role. With the many distractions students have today, it can be difficult for some students to set aside time to work on courses when not in school. It is the responsibility of the parent/guardian to encourage the student to manage their time in an effective way. Teachers will keep the parent/guardian apprised of the student's progress and will initiate contact if they fall behind in their coursework.

Parents are expected to supervise and monitor their student's progress throughout the duration of the course. This can be accomplished by accessing the parental account periodically to monitor student progress.

Parents should support Academic Integrity. Academic Integrity is one of our core values and one of the most important areas of focus as a learning organization. Students with Academic Integrity make decisions based on ethics and values that will prepare them to be productive and ethical citizens.

You may contact your child's teacher directly via email and/or contact the school office at (786) 601-7668 with questions about the course that you may have. When a parent/guardian has a concern about the child's performance or behavior, the parent/guardian should set up a conference with the child's teacher. Parents/guardians should also be aware of the course progression plan that their student is following and use that to help plan for the child's academic and educational future.

## **COMMUNICATION**

Communication is essential for success in any human endeavor. Administration and staff recognize this and will always strive to facilitate open and frequent communication with parents. We ask that you make us aware of any of the following in writing:

- Excessive absences from school due to an illness
- A change in the emergency contact information or authorization to release form

Parent-teacher conferences are an important part of our program. We encourage getting to know your child's teacher, school counselor and administration team. Please make appointments for conferences by telephoning the office or writing an email to the teacher. All teacher emails are available on the school website. If you have any additional questions or concerns, please make an appointment with the School Counselor, Assistant Principal or Principal. These laws provide that without the prior consent of the parent, guardian or eligible student, a student's records may not be released, except in accordance with the provisions listed in the above-cited laws. Parents must also sign in and out, state whom they are visiting, state the purpose of the visit, and obtain a pass before proceeding to a classroom. Anyone who fails to follow these procedures will be considered a trespasser and is subject to arrest.

### **LOST AND FOUND**

Each year many articles of clothing are lost and remain unclaimed. When these items are turned in they are placed in the Lost and Found area in the school. Please place *your child's name* on everything he/she brings to school. This will minimize the number of items in our Lost and Found. All items are placed in the designated Lost & Found area and students are given an opportunity to look through and claim their own articles. Items that are not claimed by the end of every month will be donated.

### **BIRTHDAY CELEBRATIONS**

Birthday parties are **NOT** allowed. Due to high allergies, food, cake, cupcakes and candies are not permitted. In addition, in an effort to maximize academic instructional time, non-academic interruptions are limited. However, classroom teachers will acknowledge a child's birthday and celebrate the birthday without impacting instruction.

## **FAMILY RIGHTS & PRIVACY ACT**

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of student education records and provides parents and eligible students with certain rights regarding those records. In accordance with FERPA, parents and eligible students have the right to:

- Inspect and review the student's education records maintained by the school.
- Request the amendment of education records they believe are inaccurate, misleading, or maintained in violation of the student's privacy rights.
- Provide written consent before the school discloses personally identifiable information (PII) from a student's education records, except as authorized by FERPA.
- File a complaint with the U.S. Department of Education concerning an alleged failure by the school to comply with FERPA requirements.

AcadeMir Middle School of Math & Science Charter School maintains the confidentiality of student education records and permits access only to school officials with a **legitimate educational interest**, or as otherwise permitted or required by federal or state law. In certain circumstances authorized by FERPA, education records or personally identifiable information may be disclosed without prior parental consent, including disclosures to school officials with legitimate educational interests, officials of another school in which the student seeks or intends to enroll, authorized governmental agencies, or as otherwise permitted by law.

Student education records may exist in a variety of formats, including paper records, electronic files, photographs, audio or video recordings, or other media.

Examples of information maintained in student education records may include:

- Student and parent/guardian contact information, including emergency contact information.
- Attendance records, enrollment history, courses taken, grades, report cards, transcripts, standardized test scores, academic progress, awards, and diplomas.
- Disciplinary records maintained by the school.
- Exceptional Student Education (ESE), Section 504, English Language Learner (ELL), and other educational support records, when applicable.
- Health or medical information maintained by the school as part of the student's educational record.
- Personally identifiable information, including student identification numbers, photographs, dates of birth, or other information that could reasonably identify a student.

Personal notes made by teachers and other school officials that are not shared with others are not considered educational records as long as they are kept private by the maker of the record. Additionally, law enforcement records created and maintained by a school district law enforcement unit are not education records.

Parents or eligible students are guaranteed the right, upon request, to inspect and review their children's records

and to obtain copies of them within 30 days. In accordance with Board policy, a fee may be charged for reproduction of records, unless the imposition of that fee would effectively prevent the exercise of the right to inspect and review the education records. The parent or eligible student also has the right to request a correction of education records which he/she believes to be inaccurate or misleading. Requests are reviewed by the school principal, regional office, and/or District office and the parent or eligible student is notified of the decision(s).
